## EDUCATION

**Chandigarh Engineering College, Landran**

**07 2021 – 06 2025**

*Degree Name - B.Tech* **CGPA - 8.38**

*Mohali, India*

## COURSEWORK / SKILLS

- Data Structures & Algorithms
- Operating Systems
- Database Management System (DBMS)
- OOPS Concept
- Computer Networks
- Web Development

## PROJECTS

**Task-Fusion** [↗](#) | Java, Spring-Boot, React, MySQL, Postman, Shad-CN, Razorpay

**06 2024**

- Developed a project management system with payment gateway integration, adhering to MVC architecture for scalable solutions.
- Enhanced data retrieval performance by 40% through optimized MySQL queries and indexing techniques.

**Personal Portfolio With Chat-Bot** [↗](#) | HTML, CSS, JavaScript, MS Azure

**05 2023**

- Developed a chatbot-powered portfolio website by integrating Azure Bot Services and Language Service API, deployed using Azure Static Web Hosting.
- Recognized in Microsoft Hall of Fame for innovative project development during the Microsoft Future Ready Talent Internship.

**Weather Application** [↗](#) | HTML, CSS, Java, JSP, Servlet, ApacheTomcat, Open Weather API

**12 2023**

- Developed a weather application to fetch real-time weather data using Open Weather API.
- Implemented CRUD operations and optimized API consumption for efficient data retrieval.

## SUMMER INTERNSHIP / TRAINING

**Microsoft** [↗](#)

**05 2023 – 06 2023**

*Future Ready Talent Intern*

*Remote*

- Developed a personal portfolio using Azure Bot Services and Language Service API, and utilized Azure Static Web Hosting for deployment.
- Featured in the Microsoft Hall of Fame and gained experience in API development and cloud integration.

## TECHNICAL SKILLS

**Languages:** Java, C, C++, JavaScript, MySQL (CRUD Operations, Stored Procedures, Indexing, Views)

**Developer Tools:** VS Code, Postman, IntelliJ Idea Community

**Technologies/Frameworks:** Linux, GitHub, Git, Spring-Boot

## EXTRACURRICULAR

**TPP Department** [↗](#)

*Event Coordinator*

- Spearheaded multiple coding competitions, managing event flow, problem curation, and participant engagement.

**Runner-Up in Hackathon** [↗](#)

*Team Leader*

- Developed a travel management solution that unified bookings through a single QR code, leading the team in project design, presentation, and feature implementation.

**Hack-to-berfest** [↗](#)

*Contributor*

- Secured Level 4 Contributor Badge for contributing to open-source projects

## CERTIFICATIONS

- MySQL - Scaler
- Chat GPT - Naukri
